

*University of Detroit Mercy  
College of Engineering and Science  
Department of Mathematics, Computer Science and Software Engineering*

*CSSE-4570 Software Engineering - Term Report*

Computing has both local and global impacts. You are required to submit a 5-page report on the local and global impact of computing projects on individuals, organization, and society. Please include examples.

**Note:** in your Project, you will need a separate chapter to explain the local and global impact of your project on individuals, organization, and society. In other words, you will relate these to your project.

#### DELIVERABLES

Document all your findings in a report and submit it by the due date. You will present your report and engage in a discussion with the instructor and other students. There will also be a Take-Home quiz on the report. **Report I Collection Date is 10/22.** *Missing any deadline will result in losing the 5 points.*
